To Whom it may concern,

As the largest respite provider to people with disabilities in Bega Valley Shire we are often faced with the situation of finding appropriate facilities that can cater for people in wheel chairs.

Apart from our own holiday house there are only a couple of units in Merimbula with disability facilities for our high needs clients, having access to lifters and proper beds has always been a difficulty. There are times when demand is greater than supply, having a new facility fully equipped with the all the requirements for a high needs client in a wheelchair would be truly valued.

If you would like to discuss this more please do not hesitate to phone me
(02) 6495 3797

Regards

Len Phillips
Service Manager
