**General notes (Interiors)**  
 Do not scale this drawing, figured dimensions are to take precedence over 'scaled' sizes. Check all sizes & levels on site prior to commencing interior works. Refer all variations and/or any discrepancies in the documentation with the architect & obtain clear verification before any continuance of the work on or off the site. Cross reference this detail sheet with all other issued fitment details (ie, sheets 17/a to 25/a inclusive) for construction and surface finishes notes.

**Schedule of fitments**

- a - 620 wide laminate surfaced desktop constructed out of MDF board on sub-strate framing & 40 thick edged desk-top with recessed intermediate & bottom 300 wide shelves to locate CPU units to desktop computers and colour printer
