

INTERGRAIN Reviva Wood Cleaner

PRODUCT CODE 552-94814

Data Sheet No. AUDW0767

APPROVALS

Description

Intergrain Reviva is a unique high strength cleaner that restores dirty, weathered, rust or tannin stained, mould or mildew affected timber to a clean surface suitable for coating. Reviva is mild to use and a non bleaching formulation.

Features

Supplied as concentrate
Contains cleaning agents
Contains Oxalic acid

Benefits

Dilute to suit timber condition
Cleans slippery, unsafe walkways
Removes water or metal-stains

Uses

On all exterior timber including decking, outdoor furniture, weatherboards, pergolas, window frames, trim, fences and marine timbers. Also suitable for use on interior timber including window frames.

Performance Guide

Weather	Not applicable	Salt	Unaffected by splash or spillage
Heat	Not applicable	Water	Not applicable
Solvent	Not applicable	Abrasion	Not applicable
Acid	Not applicable	Alkali	Not applicable

Typical Properties and Application Data

Gloss Level	N/A	Thinner	Water
Spread Rate	0.0 sqm/L	Volume Solids	4.0
Components	1.0	Colour	Clear
Toxicity	S6 Poison	Number of Coats	1 or 2
V.O.C Level	< 105g/L	Wet film per coat	Recommended 0 µm
Touch Dry	15-20 Minutes	Dry film per coat	Recommended 0 µm
		Recoat	NA

Application Method

Application Guide

Surface Preparation

Remove surface dirt by sweeping or washing down with water. Test effectiveness on a small area at recommended dilution.

Application Procedure and Equipment

Shake Reviva thoroughly. Dilute in water by mixing one (1) part Reviva to four (4) parts water in a plastic container. Wet the timber surfaces to be cleaned with water. Apply Reviva mixture generously to the timber with a stiff bristle brush, broom or scouring pad. Scrub the timber thoroughly. To prevent patchy results spot cleaning should be avoided. Leave mixture on the timber for 10-15 minutes. If necessary, apply more mixture to keep timber damp throughout this period. For best results Reviva should be applied to cool surfaces, out of direct sunlight, to avoid the cleaner drying on the timber. Rinse off exterior surfaces thoroughly using maximum pressure from a garden hose. A high pressure water cleaner is recommended for large areas or badly discoloured timber. **NOTE:** Failure to thoroughly remove mixture may result in timber discolouration under clear finishes. Allow timber to dry thoroughly before applying further products. In humid, tropical or mould susceptible areas, cleaned timber should be treated with Intergrain TSS Timber Sterilising Solution, to kill any mould/fungal spores not visible to the naked eye.

Brush, applicator and scrub broom

Notes

SPREADING RATES

1 litre concentrate diluted with 4 litres of water covers 5-10 m²

Health and Safety

MSDS Number 146076

Health Effects For detailed information refer to product label and the current Material Safety Data Sheet available through Sales and Customer Service Offices. Health Effects: Splashes to eyes will cause irritation. Prolonged contact with liquid is harmful and inhalation of vapour and spray mists may produce respiratory irritation and headaches.

Flammability Flammability: This product is non-flammable

Protective Equipment Personal Protective Equipment: Wear eye protection, protective clothing and gloves, and if spraying wear a respirator with a combined vapour/particulate cartridge.

Disposal Do not dispose down the drain. Refer to your local council for correct disposal procedures

In the case of emergency please call 1800 033 111

Precautions and Limitations

Avoid contact with painted or metal surfaces and vegetation. Rinse off thoroughly if contact occurs.
